KWANGTUNG CCP STEPS UP CAMPAIGN
TO PREVENT RECEPTION OF FOREIGN BROADCASTS

Swatow -- The Kwangtung Chinese Communist Party, which recently began applying strict controls on civilian listening to foreign broadcasts, is now confiscating all radio sets owned by the people in rural areas, allowing only the city people to own sets.

Since 20 March 1951, the Public Security Bureau has been registering all civilian radio receivers in the city of Swatow. The purpose of the registration is to inspect and remove all short-wave circuits in the sets to prevent civilians from listening to the Voice of America and the Voice of Taiwan. Registration is to be completed by 10 April 1951. (1)

Canton -- Nan-hai, P'an-yu, and several other hsien on the outskirts of Canton -- with the Kwangtung Provincial government's approval -- have begun confiscating all battery-operated radio sets owned by the farmers to prevent their listening to the Voice of America and the Voice of Taiwan during the night. In Nan-hai and P'an-yu hsien, the confiscation is nearly completed. (2)
